

## McClintock Vault Ventilator Plug-Large

**Kolekcja:** American 19th-20th Century Safes

**Muzeum:** Historic Padlocks and Safes

**Właściciel:** oshkoshlock

**Stan eksponatu:** Nie określono

**Opis:** O. B. McClintock Company Vault Ventilator - (Minneapolis, Minnesota, USA) Patented various dates 1921-26. This particular model is the largest size of the three shown. This model has no steel pin to secure it in place, but actually screws in place. In order to revolve the plug, however, you must pull the 4-spoke handle forward so that it engages. In addition, there is a concrete section (5 cm long)-- about 3/4 down the shaft, designed as a breakaway in case of heavy tampering.

Measurements:

Length-----29 1/4" (74cm)

Plug Diameter-- 3 7/8" (9.8cm)

Weight----- 62 lbs. (28 kg.)
